Cheerleaders help out at Place of Hope

LYNETTE SAWYER
SPECIAL TO THE JUPITER COURIER NEWSWEEKLY

Jupiter Christian School's varsity cheerleaders collected items over the last two months and then went to Place of Hope to fill "Blessing Bags." Blessing Bags are bags filled with hygiene items, personal items, a blanket, books, a hand written posi-

tive message and a Bible, which was provided by the facility and then given to each child that arrives on their campus.

Learning a lesson

The girls and I toured one of the POH homes and listened to how the process works at POH. The girls have learned a very valuable lesson today.

One girl said, "I have goose bumps!"

Children today

I think that it's so important our children today understand the importance of being respectful, helpful, and thankful. We don't realize how so many children live in sad situations. It's a true blessing to be a part of POH's mission.
