## This month Good News Wants to Know... *Excluding holiday traditions, what is the most memorable activity you did with your family as a child?*

Charles L. Bender

In my early years in the 70's, we lived in Miami and would spend many weekends on our boat moored in Biscayne Bay. The adventures, sleeping aboard, swimming, snorkeling, BBQ and family-time have together made these some of my greatest childhood memories. We enjoy similar outings together with our children as well.
